*We are the WINNERS.....*

*In three words I can sum up  
everything I've learned about  
life; it goes on.*

*Robert Frost*

Our life is a long journey where each moment teaches us something. Even sometimes disasters that seem to hit hard prove to be a binding force that bring us closer and wake up in us the soul of service.

In the month of September Babrala district witnessed a furious flood.

The flood completely submerged many villages, road, buildings etc. It was after many years Babrala witnessed such a flood as villages adjoining Babrala were severely hit. The impact of flood was clearly visible on the farmer community as they had to suffer huge tangible & intangible losses.

Even the flood didn't spare Tata Chemicals Limited. Gushing water intruded into TCL Township. But this was the time when we proved that united we stand, at the time when it is needed most. Everyone came forward to help & assist at this crucial time.

I feel proud in stating that students of our school proved that they are capable enough to shoulder responsibilities of their nation. I also congratulate everyone for the tremendous amount of dedication and efforts which were put for facing this difficult situation.

## Creativity Extraordinaire

### The Cold Within

Four people stood surrounding a fire  
 On a chilly night  
 The fire was dying down  
 And all had a stick of half a meter height  
 The white kept his stick  
 "The blacks are always below us  
 Had he been white,  
 I would have given my stick without any fuss".  
 The black was even not ready  
 "Whites have always gone for exploitation,  
 If it had not been so,  
 With my stick, the fire would have been in  
 continuation"  
 A woman was even among them  
 "They never valued me,  
 I am not going to sacrifice.  
 How long the fire goes on, let me see."  
 The one left,  
 Was in a fix  
 "When no one is coming ahead, why should I?"  
 And even he kept his own stick.  
 When the room was opened in the dawn  
 No one living was in.  
 They did not die of the cold outside  
 They died of the cold within.
